The RBSTC Board of Directors Meeting is held on the 3rd Tuesday of every month in the Club 21 Room!

Wayne's World - It is that time of year again when your annual membership dues are due. Your green invoice is attached along with a return envelope. We are pleased that there will be no increase in fees this year. Also, enclosed is the annual budget and dues report. This is a brief summary of the Club's financial status. If you would like more detailed information, please contact the Club office. We are working hard to control costs and encourage all members to use and enjoy the Club. It truly is a great asset to our community!

One of our major costs this year was dealing with termites. I want to thank everyone for their patience while we dealt with this issue at the Club. In addition to the 3 days the Club was closed for tenting, we also had quite a few repairs to wood areas that have all been completed. Some of these involved closing areas of the Club for safety reasons while work was in process. Our members were very understanding during this period and we appreciate your cooperation.

Summer is coming!!! Our beautiful garden is in full bloom with roses, bougainvillea, and ice plant providing lots of bright color around the Club. – Pictures are available on our website. The staff is busy getting the Club ready for the summer season. Our snack bar including drinks, chips and candy has been open all year and we will again have ice cream items available beginning Memorial Day weekend.

Summer is by far the busiest season here at the Club. Please remember to bring your membership card when you come to use the Club. This helps prevent congestion at the front gate and minimize delays if staff does not have to look up your info on the computer to check you in. Also, please consider using the back gate and parking lot entrance off Pomerado Road. The main parking lot is often full during the summer but there is always parking available at the back gate. There is a card scanner available there to ease check in.

In addition to the normal busy schedule, there will be tennis camps for kids throughout the summer. A separate yellow flier with the registration form is enclosed. The flier is also available on our website. www.rbstc.com

RBSTC member Ros Nideffer helps U.S. win the World Team Championship

Club member Ros Nideffer represented the United States in the World Team Championships competing with 3 other team members in the 50 and over Women's Division. Ros won both of her singles matches and also was on the winning doubles team in the deciding match to help the U.S. defeat France for the championship. Congratulations to Ros and the U.S. team.

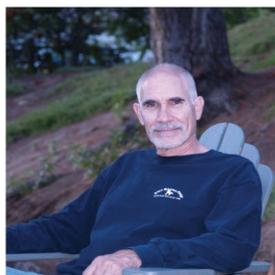

Tennis Social - Members at all levels of play are invited to come out and play at the Spring Tennis Social. Enjoy two hours of mixed doubles, switching it up with different partners and opponents to see who can become "King & Queen of the Courts." A happy hour potluck follows. The cost is just \$5 per person and includes balls, beer, wine and soft drinks. Sign up to bring an appetizer to share and pay at the front office.

Flag Disposal - Do you know the correct way to dispose of your worn out American flag? The Veterans of Foreign Wars Post 7766 would like to ensure that American flags are respected and properly disposed of. They have volunteered to offer this service at no charge to us. If you have a flag you want to dispose of, bring it to the Club office and we will contact the VFW who will handle the disposal. We appreciate this service provided by our Veterans.

Battery Recycling - Thanks to the efforts of club member, Frank Schmidt, the Club is now a collection point for recycling of household batteries. Frank volunteered to coordinate this activity for the Club. You can bring your old AA, AAA, 9V, 3V batteries to the Club in a "zip-lok bag" and we will collect them and Frank will make sure that they get properly recycled. This is important since many of them end up in regular household trash in landfills and are a long-term source of pollution. Do NOT include rechargeable batteries, as we cannot accept them. You may take rechargeable batteries to the local Home Depot and they will dispose of them. Do your part to make our planet green for future generations. Thanks for the great effort, Frank!!

ATTENTION!

We will have lifeguards on duty for Memorial Day Weekend!
Saturday, May 25 – Monday, May 27
10 AM to 7 PM
